

In Construction?

Are you Waste Aware?

...You could be saving money!

The Centre for Waste Management at UCLan in partnership with
Build Sefton/Stepclever
presents the:

Construction Waste Awareness Course

For Construction & Construction Waste Management Companies

Achieve your
CWA Certificate

Accredited by The Chartered Institution of Wastes Management

What is it?

The Waste Awareness Course for Construction is a one-day foundation course which aims to provide an introduction to wastes and their management along with knowledge, understanding and skills to improve the management of your waste.

The course looks at all of the basic waste issues:

- Why should we bother?
- What is waste?
- Waste Minimisation
- Waste Management
- Safety and Environmental Aspects
- Environmental Law
- Who can help

In addition the material has been tailored to the construction/demolition industry where appropriate and includes additional material relating to the following topics:

- The construction waste chain and its influence on Resources and Wastes Management
- Skip standards
- Site Waste Management Plans (introduction)
- Duty of Care
- Exemptions

***“Less Waste...
