

## Meet the Bidder Event, 19th October 2011

### Rebuilding the Royal *“for Liverpool by Liverpool”*

Dear Supplier,

Horizon is in the final stages of bidding to re-develop the new Royal Liverpool & Broadgreen University Hospital. We are fully committed to boosting the Liverpool economy by retaining and re-circulating money spent on regeneration investment and are holding a 'Meet the Bidder' event to introduce our consortium and begin to develop a local supply chain.

The aim of our “for Liverpool by Liverpool” day is to raise awareness of potential opportunities in future construction works and to demonstrate that wherever possible Horizon WILL:-

- Work with the local supply chain
- Support the procurement of locally manufactured, sustainable materials and
- Encourage collaboration between local stakeholders, the construction and manufacturing sectors

The event will bring together representatives from the Horizon consortium including Interserve, FCC Construcción and Mercury Engineering with sub-contractors and suppliers from the Liverpool City Region.

Please see the workpages overleaf for further information on the potential opportunities.

To register for the event please contact Horizon at [info@horizonliverpool.com](mailto:info@horizonliverpool.com) with your company name, address, contact details & workpackages of interest. **Please ensure you only register if identified areas are relevant to your business.**

#### **Key Dates**

Registration of interest must be received by **30th September 2011**.

Companies within selected packages will be notified with event details by **10th October 2011**.

Those who are not selected at this stage will remain registered on the supply chain database and will be made aware of opportunities as the project progresses.
