The next InvestSefton HUDDLE networking meeting for local digital, creative and tech business is on **Thursday, 29th June** at Marine FC - we hope you will join us!

The inaugural meeting on 23rd February at Birkdale Cricket Club saw lots of B2B networking, and talks about a new Enterprise Arcade planned for Southport which will include flexible work space for the DCT sector.

On 29th June we will kick off with an hours' networking followed by an update on business support open to Sefton businesses. There will also be talks by Innovate UK EDGE on AI, Chat GPT and raising funding in the creative sector, followed by more networking. We will be sending out the delegate list in advance, so you know who's attending.

Who should attend?

Digital, Creative and Tech Businesses based in Sefton.

Booking

To book your place(s) call Dom or Sharon on 0151 934 3452 or email investsefton@sefton.gov.uk

We are keen to maximise collaborative working opportunities in the DCT sector, so feel free to pass this invitation on to other DCT businesses based in Sefton that you work with.
